# Enhance your Research workflow with Scopus and Scival

Friday, 13<sup>th</sup> December 2024, 3.30 pm

## Speaker

**Dr Shubhra Dutta**  
Research Consultant  
Elsevier

### 1. Exploring Research Trends with Scopus and SciVal

- Use Scopus to identify emerging research topics.
- Leverage SciVal to analyse trends and predict future directions in your domain.

### 2. Finding Potential Collaborators and Institutions

- Discover influential researchers and organisations using Scopus.
- Use SciVal's collaboration analysis tools to identify strong research networks.

### 3. Enhancing Publication Strategy

- Use Scopus to evaluate journal performance metrics like CiteScore and SNIP.
- Apply SciVal's benchmarking features to find journals that align with your research goals.
